VOL. XXV.

STANFORD KY.. TUESDAY, SEPTEMBER 15, 1896.

NO. 57

HUSTONVILLE.

—There are 46 pupils at Central Christian College now.

—Hustonville will be well represented at Lexington to-day. Every voter who can secure a ticket will go to hear Bryan.

—Miss Helen Hocker gave a dance Friday night in honor of her guest, Miss Orchard. The beaux and belles of the town were there and all had a good time.

—Cashier J. W. Hocker is making extensive improvements on his dwelling. He is enlarging and those in position to know say he is preparing for the reception of one or more daughters-in-law.

—Ed Hopper, Carroll Reid, Frank Ireland, George Walker and John Morris, who have been visiting at Mr. Samuel Reid's, killed 202 doves the other day. The following afternoon they bagged 85.

—The friends of Frank Lee, formerly of this place, have been informed that he has just been married to Miss Lula Thornburg, of Granville, Oregon. Mr. Lee went to Iowa some 15 years ago and has been very prosperous in his new home.

—The fair has been indefinitely postponed. Those who had agreed to take stock met Saturday afternoon and decided not to give an exhibition this year. Failure to secure grounds and the hard times caused those interested to change their minds.

—Those who think that the feeling for free silver is dying out can be readily convinced of their mistake by talking to the West Enders. New converts are being made daily and a good many of them are coming from republican ranks.

—Leslie M. Reid and Mose Cook took two of Carroll Reid's bangtails over to Oakley Monday. Miss Mellie Hopper leaves this week for Milldale to enter college. Mr. and Mrs. Samuel Reid went over to Lexington yesterday. Mr. Reid went early so as to make sure of getting a seat at Mr. Bryan's speaking. Misses Kate Baughman and Ada Cunningham have entered college at Georgetown. Mrs. M. Rudolph, of Wichita, Kansas, will arrive this week to visit Mrs. Emmett McCormack. E. C. W.

SHELBY CITY.

—The planing mill of Wiborg, Hanna & Co., which shut down two weeks ago, has resumed work and made glad the hearts of its employees.

—The Christian Endeavors of Junction City now number 36 active, 12 associate and 1 honorary member. That typographical error only made more famous the society instead of injuring it.

—There will be a Knights of Honor picnic at Junction City, Sept. 24. Every body invited, especially all Knights of Honor and their families. Splendid music, good speaking and a grand ball will end the festivities.

—The Junction City graded high school opened with 125 pupils enrolled. Prof. W. F. Niles is principal and Misses Jennie Oxley and Elizabeth Helm assistants. This school has graduated 18 pupils; the Danville school 16 and Shelby City 4.

—Mr. Pete Coppage, of Mississippi, is at the bedside of his father, Mr. James Coppage, who is sick of typhoid fever. Mrs. J. L. Rose spent Sunday evening at Stanford with Mrs. Portman. Dr. W. B. Hunn had another bicycle accident Sunday. While going to Mr. George Shelby's his bicycle fork broke in two, fortunately not hurting him. Deputy Sheriff W. L. Young, of Jessamine, who went to Middleboro for a prisoner, stopped over here Sunday with his sister, Mrs. Judge J. I. Moore. Lieut. H. Y. Grubbs spent several days in Danville with J. S. Van Winkle and W. J. Price, fellow soldiers. Mr. and Mrs. McMillan, (nee Fannie McWhorter) and child, of Greenville, Ala., after visiting the family of R. L. Reynolds, left for home Saturday. Mrs. Mollie Morris left Sunday with her two step-sons, Mason and Curry Morris, for Versailles to place them in school under Capt. Henry this year.

—There are now on the pension rolls nearly 1,000,000 names, and half a million more are pressing for admission. There are also in the various Soldiers' Homes nearly 20,000 Union veterans and not less than 20,000 more applicants who would be admitted if there was room. The total enlistments in the Confederate armies amounted to only about 600,000. Isn't it time to drop this Son of Veterans' nonsense?—Louisville Times. We should say so. The whole business has become nauseating.

—An Iowa farmer went to Chicago and met a pretty girl, who promised to marry him. In the effervescent exuberance of his joy, he bought her a diamond ring and insisted that she keep his other \$484. She did, and she also kept herself out of his sight since then.

—The consumption of whisky in the United States has fallen off in 10 years, according to the statistics, from 13 gallons a head a year to 13, but that of malt liquors has increased from 10.78 gallons to 15.18 gallons.

—The Texas horse-thief who protested against being lynched with two colored men, and was accorded a special matinee, carried his race prejudice to quite an extent.

BRYAN CLUB

Organized With 140 Members at Middleburg.

The citizens of Middleburg precinct met Friday night at Keeney's Hall and organized a bimetallic club, or in other words, a Bryan and Sewall Club, with 140 members, which we think will grow to at least 250 within the next week. After electing J. W. McWhorter president, George R. Jeter, secretary, and David Bastio, Treasurer, Hon. M. F. North, of Lincoln, a red hot Bryan and Sewall free coinage democrat, delivered a very interesting and instructive address, which the club unanimously sanctioned and hereby tender their most grateful thanks. The following is a part of the resolutions adopted by the club:

Resolved, That we heartily indorse the nominees of the Chicago convention and the platform adopted, and especially that part of it that declares for the free and unlimited coinage of silver at the ratio of 16 to 1.

Be it further resolved that we heartily approve the action of the London convention in nominating Hon. James D. Black, of Barbourville, Knox county, as our candidate for Congress in this, the 11th district, and hereby pledge ourselves to use all honorable means to promote the welfare of our party and the interests of our candidate.

The club will meet again Saturday night, 19th, when good speakers will be on hand. G. R. J.

A CARD.

"It is said that a certain prominent free silverite of this county went to the First National Bank, and inquired if he could have his money exchanged for gold, that he was fearful that Bryan and free silver would carry the country, and although he believed it would be a good thing for the masses, yet he did not want to run any risks. This same gentleman is going all over this county advising the farmers to vote for Bryan, yet deep down in his heart he believes it would be a detriment to the country.—Commercial.

From the fact that I said something about exchanging money for gold coin at the First National Bank, and that I have been and am now advising every lover of his country to vote for Bryan, I infer that the above refers to me. If I am the man in the mind of the writer, he could not in so many words more fully misrepresent my feelings and my motives. "I am not afraid that Bryan and Sewall will be elected," but am very anxious for free silver to carry the country. "Deep down in my heart" I believe that it will be a blessing and not a detriment to this country or any other. In so holding I stand with many of the best informed money specialists of the world, such as Morton Frewan, of England; Cernic, of France, now dead; Prof. Aven, of Germany, and Prof. Benj. Andrews, of the U. S. I am not bound to ignore the fact that gold is rising in value all the time, though I espouse a policy that causes the increase of value. The Commercial has no facts in history on which to argue for the republican platform, and like every advocate without a good case, he thinks the abuse and misrepresentation of his opponent is the best means of winning his case before the people. Such a course indicates that they regard their case as hopeless. I certainly never said anything to indicate that I was afraid that Bryan would be elected.

What I said at the bank was said long before Bryan was thought of as a nominee for president and could not have been said in fear of his election. It once seemed probable that McKinley would be elected, the effect of which would be to advance the price of gold and therefore an inducement to buy it. On the contrary if Bryan shall be elected, silver will advance in price and gold will fall. I certainly think the election of Bryan will be good for the masses and being one of them, it will be good for me. If the Commercial had had a due regard to the golden rule, he would have given me an opportunity to explain a private conversation and its meaning before scolding me of inconsistency and hypocrisy in my dealings with the public. Fair minded men will not approve of such methods of defamation.

Since Wall Street syndicates were given the toe of the democratic boot, at Chicago, in July, and Bryan, the matches, leader, was named for the presidency the political winds have changed wonderfully, and are driving the McKinley craft on the breakers and the uplifted Jeffersonian-democratic-ship is moving majestically into the harbor of public confidence with a full crew and abundant sail. It now seems that Bryan will not only carry the country, but democracy will hold it for 40 years, for the good thereof and for blessings on humanity. T. M. GOODKNIGHT.

The next circle excursion from Burnside, Somerset, Danville and intermediate points will run Saturday, September 19th. Usual rates and schedules. Ask agents for particulars. W. C. RINABSON, G. P. A., Cincinnati, O.

—Julius Gotlieb died from nose bleed at New York.

MORE NEWS NOTES.

—The election in Maine was held yesterday.

—The gold reserve has gone up to \$109,000,000.

—A Logan county man cut down a bee tree and got three barrels of honey. Two fishermen got their lines entangled at Cincinnati and one of them shot the other to death.

—Congressman Sam Fugh was fined \$20 for contempt in the Lewis circuit court. He "sassed" the court.

—The body of Capt. Jacob King, buried during the war at Marietta, O., looked almost life-like on being exhumed Sunday.

—Sam Tyree, marshal of Olive Hill, in Boyd county, was fatally shot during a political quarrel. Two other men were injured.

—Three more toll gates in Washington county were destroyed by a mob. The armed guard about Springfield has been strengthened.

—Peter White, a North Vernon, Ind., Negro ate 20 boxes of sardines in 30 minutes. It took three doctors to save him the following day.

—To avoid the trouble of guarding his wife, who is mildly insane, Frederick Oakley, of St. Louis, chained her to the floor and kept her there 15 days.

—Frank Hayden, of St. Paul, Minn., couldn't sleep and took what he thought was paregoric. It happened to be laudanum though and he died next day.

—Jake Gay, of Pine Grove, won the first prize of the Kentucky Gun Club shoot, breaking 169 out of a possible 180 Blue Rocks, and breaking 61 straight.

—Thomas Halsey, of Peru, Ind., is wanted for attempting to starve his stepson. He kept him in his barn for five days and gave him neither eat nor drink.

—H. C. Dooley, a farmer of Sumter county, Ala., shot and killed Sam W. Sibley, another farmer, after he had received a charge of shot in his own body.

—James Lloyd, who was recently arrested for trying to elope with another man's wife, was shot and dangerously injured in Woodford county by Charles Bryant.

—Frank Bevin, sent up from Lee county and Joe Sheer and Frank Smith from Louisville, scaled the walls of the Frankfort penitentiary and escaped to parts unknown.

—Charles Maidment, of Richmond, Mo., shot and killed his wife and then blew his own worthless brains out. His wife had charged him with being too intimate with the cook.

—Martin L. Murphy, a colored school teacher, was severely beaten by white-caps in Franklin county, Saturday night. He charges four other colored men with committing the outrage.

—John Talle, of Maysville, went white like any more. While pursuing his favorite profession the other day his knife slipped and the main artery of one of his legs was severed, causing him to bleed to death.

—A Youngstown, O., merchant arranged a pistol so that it would shoot the person who opened his cash-drawer. He forgot about it and going to the drawer in a hurry, caught a 38 calibre ball in one of his legs.

—At Mt. Sterling in a house of ill fame known as Mother Jones', Arthur Duff, a young man from Clark county, had his bowels cut out and will die. Ed Fore was arrested and is in jail charged with the cutting.

—At Atlanta, the body of Thomas J. Delbridge, a young business man of high social and commercial standing, was found in the old water-works reservoir at Lakewood Park. He had recently taken out life insurance policies for \$50,000.

—Gov. Bradley has issued a death warrant for Buford Overton, of Harlan county, and fixed Oct. 12 as the date for the hanging. Overton killed a peddler and sold his pack. Petitioned to pardon the man he declined because there was no good reason for it presented.

—At Tillie, Edward Polley, prominent citizen and ex-sheriff, went into his stable to put a bridle on his mule; just as he entered, the mule let loose with his hind feet, striking him in the head and face, entirely cutting off his nose, knocking out one eye and injuring his skull.

—At the rate aeronautes are going to kingdom come, there will soon be none left to make the foolhardy ascensions by a trapeze bar. At least half a dozen have been killed in the last week, George H. Decker being the last. He descended into the Ohio at Parkersburg and was drowned.

—James Bush, of Clark county, went to the home of Mrs. Nancy Trade, in Mt. Sterling, where his divorced wife was visiting with her two little girls. He called the woman to the door and shot her through the breast, giving her a death wound. He then ran and is still at large with a large posse in his pursuit.

—A dispatch from Frankfort says that since the asylum for feeble-minded children burned last month these wards have been cared for in the annex. That building burned Friday night, but all the inmates were rescued. They were brought scantily clad and barefoot into the city, and are being cared for at the Armory.

CHURCH CHIMES.

—A Massachusetts congregation bounced its minister because he advocated silver.

—A Christian Endeavor Society has been organized at Falconer, Boyle county, with Miss Ella Bonta secretary.

—The meeting that is being held at Moreland by Elder J. G. Livingston is increasing in interest and attendance, with six confessions to date.

—The minutes of the Cumberland River Association show that it has 17 churches and 2,041 members. During the year 25 died and 196 were added by confession and baptism. Double Springs at Waynesburg is the oldest of the churches, having been constituted in 1804. It has 302 members, 28 of whom were added during the year. Its church property is valued at \$2,580.

—Rev. R. T. Caldwell, a Cumberland Presbyterian preacher, who is a son of the late Rev. R. H. Caldwell, for a long time school superintendent for Boyle county, Ky., was badly beat up by M. M. Crowder, a member of his congregation at Bethany, Ill. The trouble arose over a vigorous fight that Mr. Caldwell had made against the saloon and other evils in the town. Crowder was arrayed with the opposing element, and harrassed Caldwell continually. He finally preferred charges of lying against the minister. The charges were investigated by the Presbytery and Mr. Caldwell was exonerated, when Crowder took the matter in his own hands. Mr. Caldwell was in Danville last week bearing many wounds and scars.

—The Methodist church here under Rev. W. S. Grinstead, has done a great work this year. At his Sunday morning service he read a remarkable report. During the year he baptized 27 and received into the church, all told, 92 persons. Dismissed, dead and dropped, 32, making a net gain in the membership of 60. He preached 227 sermons, gave 91 Bible reading and prayer-meeting talks and made 310 pastoral calls. His salary of \$1,000 was paid in full, as was also \$125 to his assistant; raised by order of the board \$316.91, paid old parsonage debt of \$116.62 and old current debt of \$60, besides raising various other smaller amounts for other things. Considering that there is not a rich man in the church the showing is a most excellent one and proves that our Methodist brethren are as liberal as they are enthusiastic in their religion.

—The meetings at the Christian church are growing in interest and widening in results, a natural sequence of an earnest and faithful exposition of Gospel truths so eloquently presented by Evangelist W. R. Lloyd. He is wonderfully gifted in language and power of expression and has a faculty of securing the attention at once and riveting it, as he drives home point after point and startsles with assertions which he never fails to prove by the "Book." For instance, Sunday morning, in preaching on the "Trinity," he stated that Jesus should neither be prayed to nor worshipped and that it did as much good to pray to the Virgin Mary as to the Holy Spirit. This sounded strange to those who had been taught otherwise and had not searched the Scriptures, but he produced passage after passage in which Jesus had expressly commanded that prayer be made to God the Father, which is in secret, and thy Father which seeth in secret shall reward thee openly, and he challenged any one to show him a verse of Scripture directing prayer to be made to the Holy Spirit. It is just such statements as these that cause thoughtless persons to misrepresent Bro. Lloyd and to charge that he does not believe in prayer and has no regard for the Holy Spirit, whereas, if they would listen to his proof from the "Book" and follow him intelligently through his discourses, they would have no excuse to misrepresent. Already there have been 17 additions and the good work goes nobly on. The pastor, Elder J. T. Sharrard, has earned the commendation of his people as well as the community in general for bringing Mr. Lloyd among us.

Of New Castle.

The notification of Senator Palmer and Gov. Buckner that they had been nominated by a set of men calling themselves National Democrats, for president and vice president of the United States, was quite an imposing affair and pretty largely attended, thanks to the incessant advertising of the bolter papers of Louisville and the continual announcement that no tickets were necessary, the rule of first come first served prevailing. The auditorium was prettily decorated with bunting and flags and was packed with women, democrats, republicans and what nots, mostly composed of Louisville people. Two bands made music on the outside and a feature of the show was its opening with the singing of "America," in which the audience joined. Senator Caffery notified Palmer and John R. Fellows, of New York, broke the secret to Buckner, all made speeches, everything was lovely and the goose hung high. National Chairman Bynum read letters from President Cleveland and Secretary Carlisle, regretting their inability to be present, as the president said, "to mingle with those who are determined that the voice of true democracy shall not be smothered, and insist that its glorious standard shall be borne aloft as of old in faithful hands," and "to pledge to you and your associates such support and assistance as I can properly give during the campaign," as Mr. Carlisle expressed it. Mr. Fellows' speech was the oratorical effort of the evening. It was applauded throughout, but this sentence set 'em wild: "Though an assemblage clothed in the uniform and vested in the official badges of democratic authority may take our banner and masquerade in our uniform, they leave to us the possession of the principles. We are the democratic party and they are the bolters." Gov. Buckner's speech was short and meaty and when he had concluded "the congregation was dismissed." It was quite a nice little affair all around and as it was entirely harmless, no one ought to begrudge the chance it gave the old fellows to air themselves.

The people gathered at Owenton Friday to hear Senator Blackburn and Attorney General Taylor discuss the issues, refused to listen to John M. Atherton, who tried in vain for 30 minutes to speak, while the crowd hissed and jeered and threatened to ride him on a rail. The bolter papers claim that the indignity is due to suggestions from Senator Blackburn and are loud in denunciation of him, because of it and his remark that "the people in hell have more right to be called Christians than Palmer's followers have to be called democrats." Such remarks as that and such conduct as the mob at Owenton was guilty of will injure any cause, however just, besides bringing disgrace upon the locality which permits it.

One of the republican electors from the State-at-large is in trouble. The Hon. Sam Kash will have all he can do for the next few months answering a bastardy charge preferred by Miss Zelpha Roberts, of Manchester, who files a 10 pound infant as evidence in the case. There is a probability that the State committee may call the Hon. Kash off, unless it considers how popular such performances have made Willie Breckinridge in the eyes of those who want to use him.

The mayor and aldermen of Louisville after exhausting every effort to keep themselves in contempt and failing, finally decided when the doors of the jail yawned for them, that they had better take a big dose of Crab Orchard salts and purge themselves of the last semblance of contempt. They did so, begged Judge Toney's pardon, expressed great sorrow for their actions and thus ended the farce which cost the city \$10,000 or more.

MADLINE POLLARD returned to New York on the steamer Servia last week. Since Willie Breckinridge has gotten so particular about the kind of money that the government ought to issue, her return is presumably for the purpose of assuring him that she will be glad to receive even 50 cent dollars in payment of that \$15,000 verdict that she holds against him.

It is likely that there will be two democratic candidates for Congress in the 4th district to make John W. Lewis' election the easier. David R. Murray, of Breckinridge, announces that he is regularly and legitimately the nominee, while Dave Smith cocks his off eye and claims to have the nomination nailed down. It is a sweet kettle of fish all round.

ALL ye who have pleas to make or pardons to ask draw near and ye shall be heard. Gov. Bradley is off on a stumping tour and Lt. Gov. Worthington is working the pardon mill.

At the meeting of the county chairman at Danville, which declared Hon. John B. Thompson the nominee for Congress in this district, there was a general exchange of views. The Shelby man claimed that his county would give Thompson 800 majority, Spencer's representative claimed 600 from his county, Anderson 400, Jessamine 250, Mercer 350, Madison 500 and Lincoln 200. Total 2,750. The report from Boyle gave the republican nominee 150, from Jackson 900, from Rockcastle 300 and from Garrard 200, total 1,350, leaving Thompson a clear majority of 1,400. We hope the gentlemen have not let their enthusiasm get away with their judgment, but will see to it that they are not prophets without honor. This is a democratic district and a democrat should represent it by fully the majority named.

Gov. JOHN YOUNG BROWN suffered a painful accident a few nights ago in Louisville, which may prove very dangerous at this time of life. He fell over a cross tie while attempting to get on a trolley car and alighted on his left wrist and shoulder, breaking the large bone in the wrist and fracturing the left collarbone, which had sustained a similar fracture in the same place 20 years ago. The crippled leg was refractured. He was taken home and the necessary surgical attention rendered, the patient refusing to take any opiate at all, but gritted his teeth and endured it. The governor had just returned from speech making in his canvass for Congress. The accident will probably lay him up the rest of the campaign, but his friends will see that his cause suffers nothing from his misfortune.

The next president of the United States is on Kentucky soil to-day. He spoke at a number of towns yesterday and made three speeches in Louisville, where it was predicted 40,000 people would hear him. To-day he speaks along the route to Lexington and at 2 o'clock will address a multitude at the Fair grounds there. Great arrangements have been made at the blue-grass capital to receive the distinguished guest and people will be there from the four quarters. The order of parade includes the military clubs afoot, clubs mounted and clubs a wheel and bands till you can't repose. It will be a big day and many of our citizens will enjoy it the several special trains making the trip an easy one.

Gov. KNOTT, who has a long and consistent record as a friend of silver, believes "that Bryan will be elected, but if he is defeated it will be by the purchase of ballot boxes and officers of election, not by the popular vote, for the people are in earnest about the question and can not be purchased." Some time before his nomination Gov. Knott predicted that Mr. Bryan would be the democracy's standard bearer, though his name had hardly been mentioned in that connection. The governor went to Campbellsville yesterday to make a speech for democracy and his favorite.

In Garrard and Lincoln counties there are reported many democrats in permanent camp at the parting of the ways, determined to follow neither wing of the divided party until events shall disclose which has pitched its tents toward Sodom.—Louisville Times. Lay not such flattering unctious to your soul, dear bolter. The biggest vote ever polled in this section will be counted in November and neither McKinley nor Palmer will have it.

The effort of the bolter papers to make a big man out of Senator Donelson Caffery, of Louisiana, will fall as flat as the attempt to manufacture a silk purse out of a sow's ear. Neither can be done. Caffery is a very small potato with few in a hill. He does not represent his constituency in Congress and he was asked to resign but declined to do so. He was elected to the Senate by the merest accident and his first term will be his last.

JOHN B. THOMPSON is now the regularly nominated democratic candidate for Congress in this district, the committee, in pursuance to a resolution that if no other candidate was announced by Sept. 11, he should be declared the nominee, having met at Danville Friday and hearing of no other candidate, and given him the ensign of the party which he will, we verily trust and believe, he carry to victory.

POLITICAL POINTS.

—Gov. Bradley will speak at Corbin, Oct. 2, when it is expected that everybody in Whitley, Knox, Laurel and Bell will be on hand.

—The Bowling Green Courier says it is robbing the grave to force Palmer and Buckner into the field. Their combined ages are 154 years.

—Speaker Reed said Sunday that in answer to Chairman Faulkner's request for permission for Mr. Bryan to use the capitol steps for his rostrum he replied by wire: "Permission granted with the consent of the vice president." He said

he took it for granted Mr. Stevenson would consent.

—Hon. John B. Thompson will speak at Mt. Vernon tomorrow, 16th, at Brodhead, Sept. 17; Livingston, Sept. 18. Speaking to begin each day at 1 o'clock.

—Hanna says that McKinley will not take the stump this campaign and whatever the boss says goes with the Little Napoleon, to whom he belongs body and soul.

—The Knights of Labor, the American Federation of Labor, the American Railway Union and the Coal Miners of the West have resolved to support Bryan, and Bro. Hanna is scared.

—Hon. Chas. K. Wheeler, democratic nominee for Congress in the First district, carried 11 of the 13 counties in his district, including his opponent's own county. His majority over Congressman Hendrick is close to 3,000.

—Arrangements are being made for 1,800 bicyclists of Chicago, 300 of whom will be women, to visit Maj. McKinley at Canton. They will proceed to Massillon by rail and then to Canton on their wheels, a distance of eight miles.

—There will be about 100 bolters in this county, many of whom it is thought will vote for McKinley. The democrats will be re-enforced by about 100 silver republicans, and the county will give her usual democratic majority.—Paris Kentuckian-Citizen.

—The democratic executive committee of South Carolina has promptly declared Judge Earle the Senatorial nominee of the party by a majority of 3,384. Tillman's protégé was hardly in it, showing that the pitch-fork statesman has lost his hold in the State.

—Senator Blackburn says in effect that "you cannot shake your gory locks at me and say I did it. I told the crowd at Owenton that other gentlemen who differed with me in opinion would address the crowd, and I asked that they be accorded a respectful hearing."

—Senator Hill has declined to go as a delegate to the New York State democratic convention under instructions to support the Chicago ticket, or under any other instructions that would restrict his freedom of action at the convention. It is said, though, he will support Bryan if his State does.

—The Hopkinsville Kentuckian says that a negro orator at the court house Saturday night declared: "There are two kinds of dimmercrats this year, one is fighting us and the other kind is helping us. The dimmercrat that's helping McKinley is all right and if we treat him right he may come over and be one of us."

—Col. Walter Forrester tells a Cincinnati Enquirer man that Gov. Bradley will call a special session of the legislature in December to authorize a loan to make good the deficit. He also says a U. S. Senator will be elected and it will be either a gold democrat or a republican.—John M. Atherton or St. John Boyle.

—The Owensboro Messenger denies the charge that Senator Blackburn engineered things so that Bryan could speak mostly in the 7th district and adds: As a matter of fact, Senator Blackburn was very anxious to have Mr. Bryan go through the Eighth district, on account of his interest in John Thompson's race for Congress, and strongly objected to the route that had been selected.

—Gov. Bradley has called an election to fill the vacancy caused by the resignation Representative J. F. Neat. He has also called an election in the 28th judicial district for a Commonwealth's attorney. On the resignation of C. W. Lester, in January last, Gov. Bradley appointed S. V. D. Stout to fill the vacancy. The district is composed of Whiteley, Pulaski, Rockcastle, Wayne and Clinton. The election in both cases will be held November 3.

—Byron McClelland has turned his horses out for the year and is now training for Eastern & Laramie. His reason for making the change is said to be his desire to race First Mate.

—W. K. Griffin, who had 13 steers stolen from his farm near Broadwell, found seven of them at New Antioch, O. The others had been butchered. The lot had been sold to a Cincinnati commission merchant.

—A small flock of 30 or 40 sheep can be kept on the farm with little or no expense and will prove profitable in nearly every case. John Williamson, of Iowa, says in the Stock Farm that he made more on such a flock than on anything else on his farm of 160 acres.

—A good crowd attended court yesterday, but the day was more devoted to politics than business. There were probably 100 cattle on the market. The ruling price for butcher cattle was 2½c. A few feeders changed hands at 2½ to 3c. A number of plug horses sold at \$12 to \$25.

—A Missouri exchange says that apples may be kept two years by wrapping them in newspapers in such a manner as to exclude air. The newspaper must, however, be one on which the subscription is paid in full, or the dampness resulting from the dew will cause the fruit to spoil.—National Advertiser.

—Lebanon now holds the Kentucky half mile track record for both trotters and pacers. During the race meeting there week before last Hal Parker, the brown son of Brown Hal, finished a mile in 2:11½. At the same meeting the gray mare Dolly Wilkes, by Red Wilkes, took the first and second heats of the free-for-all trot or pace in 2:14½ and 2:15, the former being the trotting record for half-mile tracks in Kentucky.

THE talk of building a railroad from Gallatin, Tenn., to McKinney, this country, is being revived, but we fear it will be only talk for a long time. It would open up a big territory and be a good thing for Nashville and the South. A Nashville paper says: "When completed this road will reduce the distance to Cincinnati to 276 miles. Newport News will be 90 miles nearer via Lexington, Ky. The distance to Cincinnati over the Louisville and Nashville is 295 miles.

MR. MOSES COFFEY left at this office yesterday a pear of his raising which weighs 16 oz. or two more than that left by Mr. Brent Barnett. He says that he is determined the republicans shall be on top in pear raising as in other things.

ABOUT 100 persons accepted the invitation to visit the new Joseph Price Infirmary Friday afternoon and were greatly pleased with its construction and convenience. Dr. Carpenter tells us that contributions to the charity bed are coming in very gratifyingly in amounts from \$5 down. Let everybody, who can, help the good cause.

ALAS AND ALACK!—A dispatch says: The democratic free-silver paper which Mr. Thos. H. Fox has been trying to start at Danville has fallen through. Mr. Fox has accepted a position in the internal revenue service in Anderson county and has gone on duty. The cause of the abandonment of the enterprise lies in the fact that promised aid to Mr. Fox did not materialize. He says he had assurance of 1,500 subscribers to start on.

THE report gained currency here a few nights ago that Hon. Charles J. Brons-ton, the red headed child of destiny, had been shot and killed by a man named Smith, at a political debate in Fayette county, but we have been able to discover no grounds for it. The statesman with the fiery capillary adornment, still lives, moves and has his being, without having somersaulted on the political trapeze for a week.

NON EST.—Sheriff Jule Plummer, of Newport, who is to tie the knots if Jackson and Walling are ever hung, for the murder of Pearl Bryan, was at Kingsville Tuesday in search of William Truster, father of the man in jail at Newport for swearing lies in the case, but did not find him. The officer gave it as his opinion that young Truster would get one and John Sord five years for the part they played in the celebrated trial.

BRYAN CLUB.—Mr. Bowen W. Givers has sent in 41 names to be added to the Bryan and Sewall club here, which will be organized next Friday night week, 25th, at the court-house when there will be speaking by Messrs. Robert Harding, of Danville, J. Mort Rothwell, of Lancaster, R. G. Williams, of Mt. Vernon, and others. Nearly every man approached has signed to become a member and over 400 names have been secured, which number the originators say will be doubled.

HORRIBLE CHARGE.—Fred Mahaffy, who used to live here, but who has made his home at Crab Orchard for the last seven years, was arrested Friday charged with ruining his wife's sister's child, Alice Sowder, whom she adopted 10 years ago. The little girl is only 13 and it is readily apparent that she will soon become a mother. Mahaffy has a wife, who it is said, refuses to believe him guilty of the charge. When arrested he asked that he be permitted to go home for a few moments and Squire Edmiston allowed him to go under guard of a Mr. Condor. There he gave him the slip and left for parts unknown. Mahaffy is about 60 years old, a member of the Christian church at Crab Orchard and is a blacksmith by trade.

JUNCTION CITY.—Linnietta's guests have about all departed and Manager Owens is enjoying a much needed rest. He had a good crowd most of the season but he fed them so well he did not make much money.—W. A. Reynolds, the druggist, has sold 21 bicycles so far this season. He is agent for the Cleveland, one of the best on the market.—W. S. Hilton is a big buyer. He has just received 50 stores and \$3,000 worth of other goods. As has been stated before in these columns he has the largest store in this section.—Dunn & Sarbur's big store is headquarters for political discussions. The former is a republican and the latter a democrat and if they can't find somebody else to argue with they elect Bryan and McKinley between themselves.—A prominent democrat informed us that the National democratic ticket would only get two votes in Junction City and that he knew of 12 republicans who would vote for Bryan and Sewall. There are lots of free silverites there and that end of Boyle will do her duty in November.

ORATORY ON TAP.

Messrs. Warren, Hill, Ward and Thompson Talk for Hours.

A month ago, Col. John B. Thompson advised the committee here that he would speak in behalf of his candidacy for Congress and it was so announced in an issue of this paper in August. It was also stated that Hon. R. C. Warren would introduce Mr. Thompson and give the democracy some good advice. It was not thought possible at that time that a man calling himself a democrat would want to speak on the opposite side on such an occasion, but when Mr. Thompson arrived yesterday, he was confronted with a request to divide time with Judge Quincy Ward, of Paris, who came to speak in behalf of the boltoeratic ticket. Mr. Thompson readily assented and it was agreed that he should lead off in a speech of an hour, Mr. Thompson was to speak an hour and quarter and Judge Ward was to have 15 minutes to close. Mr. Warren spoke according to announcement and defined his position to be straight out for the Chicago ticket and against the McKinley Aid Society, which certain democrats had formed. A vote for Palmer is a half a vote for McKinley, he said, and he never intended to aid in the election of a man representing a party he had fought all his life. "When I want to shed my democratic skin," he exclaimed, "I'll go the whole thing and put on the republican robe," a sentiment that the crowd vociferously applauded. His remarks were well received and highly commended.

When he sat down Col. Hill attempted to introduce Judge Ward and the crowd mistaking it for an attempt to crowd Mr. Thompson out with speeches, showed decided disapproval till both Warren and Thompson begged for a fair hearing and a fair discussion.

The court room was crowded to suffocation, when Judge Ward attempted to speak and there being considerable confusion it was suggested that the speakers "go to the gallows" to finish their oratory. Thereto the crowd repaired and Judge Ward began his speech by saying how glad he was to face a Lincoln county audience. He then made the usual arguments for the gold standard and in a dignified manner upheld the ticket and platform nominated at Indianapolis. It wasn't that kind of a crowd and while it heard him respectfully, he got little or no response from it in applause or otherwise.

When he had concluded, Col. Thompson arose and was given an ovation. He lit right into the arguments of his opponent and called the crowd to witness that he had not given a single reason why silver should not be coined as free as gold. He is good on telling an anecdote and soon had the attention of the crowd, which had lagged under the fire of figures and statistics. He was very severe on President Cleveland, "peace to his ashes" as he said, and referred familiarly to those great democratic standards as "Tommie Jefferson and Andy Jackson." He argued the free silver cause from the standpoint of those who are convinced that it will prove the panacea for all our financial ills and ever and anon ran in a joke or two to keep the attention close.

Those who had the chance to hear him through say his speech was a splendid one and that it was a vote maker. It was too late when he concluded for us to even give a synopsis.

Col. Thompson finished at 4:30. Judge Ward made a short rejoinder, the band played a lively air and the fun was over for the day.
